Andrew Bui

andrewbui98@gmail.com   714-383-4729   Linkedin   Github   Portfolio

SKILLS

Languages - Javascript, Python, HTML5/CSS3, SQL
Frameworks/Etc. - React, Redux, Node, Flask, PostgreSQL, jQuery, Git, Heroku, Docker

PROJECTS

Trellow (React, Redux, Javascript, Node, HTML5, CSS3, Flask, PostgreSQL, SQLAlchemy, Python, Git)   **Live Site |Github**
A fullstack single-page Trello clone where users can create project boards, lists, and cards.
- Designed a redux store that reduced that amount of required fetch calls by 66% decreasing the amount of time it takes to load the website.
- Built a responsive and intuitive UI through the implementation of AJAX calls and DOM manipulation to improve user experience.

Flickor (React, Redux, ES6, Node, HTML, CSS, Express.js, PostgreSQL, Sequelize, Git)   **Live Site | Github**
A fullstack single-page Flickr clone where users can add photos and view and favorite other users' photos
- Created a custom slideshow gallery using React, HTML, and CSS to enable users to easily navigate between their photos.
- Built an automated image carousel using React, HTML, and CSS.

Finstagram (React.js, Redux.js, Node.js, HTML5, CSS3, Flask.py, PostgreSQL, SQLAlchemy, Python, Git)   **Live Site | Github**
A fullstack single-page Instagram clone where users can add, view, like, and comment on their own photos or on their followers' photos
- Built modal components using React refs to focus user attention on the displayed information.
- Protected user information and privacy through the use of frontend and backend user authentication.

EXPERIENCE

Lasik Eye Center, *Medical Assistant*   Buena Park, CA   August 2021 - November 2021
- Learned all the necessary responsibilities and skills within 1 week of training to seamlessly transition into an independent worker.
- Collaborated with 2-3 onsite medical assistants to increase the efficiency of patient flow and to decrease the overall patient wait time.
- Researched common medical terms online and by corresponding with fellow medical assistants in order to better address the patients' needs and concerns.

Unitrans, *Bus Driver*   Davis, CA   June 2019 - June 2020
- Communicated with other drivers and with dispatch via radio to allow for the most up to date bus schedule.

EDUCATION

App Academy   San Francisco, CA   2021-2022
- 24 week immersive software engineering bootcamp

University of California, Davis   2017-2021
Bachelor of Science - Neurobiology, Physiology, and Behavior
